Responded to dog bite on Germain street. Third bite on the dog, owner requested dog be put down after the mandatory 10 day quarantine period. Owner paying for this. I was in court for dogs at 108 pleasant Street, judge gave her until Aug 1 to license her dogs or appear. Was also in court for a previous court appointed dangerous dog that broke out and went after the neighbor. Judge ordered dog seized and held for 30 days pending an appeal. If none dog has to be put down.
