

# FLOOR PLAN AND CONSTRUCTION DETAILS

Construction details and specifications help the building department find problems before they occur in the field.

This example shows the types of detail our office will be looking for in your plan submittal.

**In addition to construction details such as these, you will need to submit details on:**

1. Foundation detail
2. Floor Plan

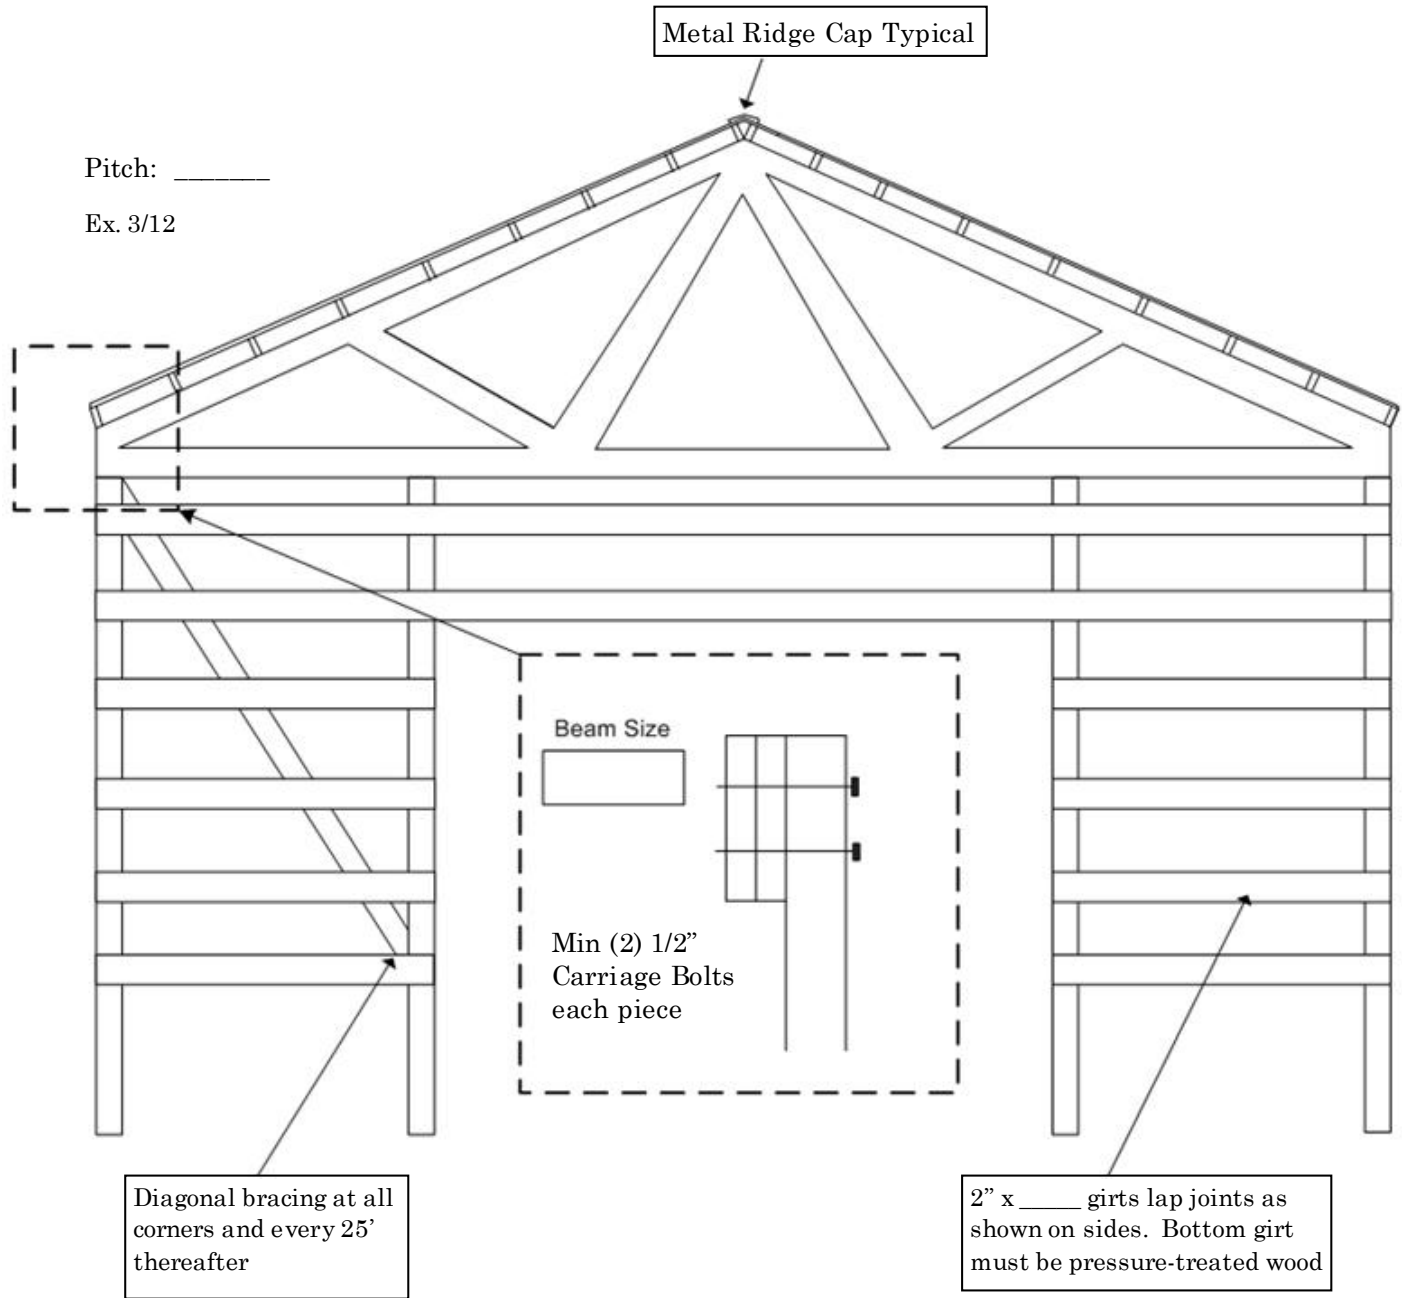

**\*\*Note:** Floor must be hard non-absorbent surface (Concrete, Asphalt) if the structure is to be used for the parking of motor vehicles.

## REMINDER:

Permits are only issued after plan review. The time required to conduct this review will depend on the completeness of the information we receive in the plans.

| TRUSS CONNECTION OPTION A  | TRUSS CONNECTION OPTION B   | DETAIL C   |
|--|---|--|
| <p>Engineered Truss</p> <p>(2) 1/2" carriage bolts</p> <p>1 1/2" notch</p> <p>Post is cut off to angle of roof</p> <p>Post</p> | <p>Engineered Truss</p> <p>(2) 1/2" carriage bolts</p> <p>(3) 2" x 6"</p> | <p>4 feet O. C. Truss</p> <p>(3) 1/2" carriage bolts at center span</p> <p>Truss fastener</p> <p>(4) 1/2" carriage bolts per splice</p> <p>Notch post for (1) beam</p> |
